[0.2s] Claude Semion: Good afternoon, everyone.
[1.7s] Claude Semion: My name is Alexander Konstantinov and today...
[5.0s] Claude Semion: I'm gonna show you workshop and development under control, and we're gonna see how to cut back on the kio-inflammability tecdol.
[11.8s] Claude Semion: We had this wolf at the Go Cloud offline conference.
[17.0s] Claude Semion: Unfortunately, not everyone who wanted to get in was able to get in, so we decided to have...
[22.6s] Claude Semion: online version.
[25.3s] Claude Semion: And if anyone was planning on repeating me, you should have come up with a big instruction.
[31.2s] Claude Semion: Please write to the chat room that you wish to repeat this.
[34.9s] Claude Semion: I'm gonna take some pauses so you can make it.
[39.0s] Claude Semion: If you repeat it later.
[41.2s] Claude Semion: On the record.
[42.2s] Claude Semion: D'oh.
[43.4s] Claude Semion: A little faster, we'll get through.
[58.5s] Claude Semion: Oh, no one's gonna say it again, so let's do it.
[61.5s] Claude Semion: Let's continue.
[64.3s] Claude Semion: In order to try EA Factory tools, including Foundation Models, with which we will be developing today, we have made GoCloud 26. You can activate it in your personal office.
[77.0s] Claude Semion: Next I'll show you how...
[78.7s] Claude Semion: We can activate.
[82.9s] Claude Semion: And we've also prepared a repository with a template.
[87.6s] Claude Semion: This template will allow you to do the same thing we're showing you today, and it's fully ready to distribute under MIT reviews.
[96.0s] Claude Semion: Accordingly, you can use it for all your needs, do various projects.
[101.7s] Claude Semion: Very convenient.
[103.4s] Claude Semion: We can start, it's like...
[106.2s] Claude Semion: These are the settings.
[109.1s] Claude Semion: Yeah.
[110.4s] Claude Semion: The agent we're going to look at in great detail today.
[115.3s] Claude Semion: Let's move on.
[116.4s] Claude Semion: I think, uh...
[117.5s] Claude Semion: Today we have a practical option, we're not gonna show presentations, if anyone wants to get to know...
[124.2s] Claude Semion: In the theoretical part, we recently had a webinar.
[127.7s] Claude Semion: Which we've been dealing with in great detail.
[130.7s] Claude Semion: details of how to do and develop.
[134.0s] Claude Semion: This is chassis for me, now.
[135.3s] Claude Semion: I'm showing the screen
